

Mark G. Kuzyk

Department of Physics
and Materials Science Program
Washington State University
Pullman, WA 99164-2814
Ph: 509-335-4672
Fax: 509-335-7816
email: kuz@wsu.edu

DATE: February 2, 2017**EDUCATION**

University of Pennsylvania	B.A. (Physics with honors)	1979
University of Pennsylvania	M.A.	1981
University of Pennsylvania	Ph.D.	1985

EXPERIENCE

Instructor, Delaware County Community College, Media, PA, summer 1982
Research Fellow and Instructor, Department of Physics, University of Pennsylvania, 1981-85
Visiting Professor, Dept. of Technology, Tokyo U. of Agriculture and Technology, 10/1 - 10/10/89
Member of Technical Staff, AT&T Bell Laboratories, 1985-90
Assistant Professor, Department of Physics, Washington State University, 1990-95
Assistant Professor of Materials Science, Washington State University, 1991-95
Associate Professor & Tenure, Department of Physics, Washington State University, 1995-2001
Associate Professor & Tenure, Materials Science Program, Washington State University, 1995-2001
Chair, Material Sciences Program, 1997- 2000
Fellow, Optical Society of America, elected in 1999-
Full Professor, Department of Physics Washington State University, 2001-
Full Professor, Materials Science Program, Washington State University, 2001-
Associate Chair of Physics, 2001-2007
Chair of Graduate Studies, 2001-2007
Regents Professor 2009-
Fellow, SPIE, elected in 2011-
Fellow, American Physics Society, elected in 2012-
Associate Chair of Physics, 2010-2012
Meyer Distinguished Professor of the Sciences, 2015-2018

PROFESSIONAL SOCIETIES

American Physical Society (Fellow)
Optical Society of America (Fellow)
SPIE (Fellow)

PROFESSIONAL RECOGNITION

Pennsylvania Senatorial Scholar, 1976-79
Fellow, Optical Society of America, elected in 1999-
Advisory Board, Marcel Dekker, appointed in 1999-2004
Executive Committee, American Society for Engineering Education, appointed in 1999-
Distinguished Member of National Society of Collegiate Scholars, elected in 2000
Boeing Distinguished Professor 2003-2005
Distinguished Faculty Address, Washington State University 2005.
Visiting Fellow, Katholieke Universiteit Leuven, summer 2006
Visiting Fellow, Katholieke Universiteit Leuven, summer 2009
Regents Professor 2009-

Fellow, SPIE, elected in 2011-
Fellow, American Physics Society, elected in 2012-
Meyer Distinguished Professor of the Sciences 2015-2018

TEACHING AWARDS

Naval Reserve Officer Training Corps Faculty Excellence Award, 1993-94.
Naval Reserve Officer Training Corps Faculty Excellence Award, 1995-96.
Distinguished Member of National Society of Collegiate Scholars, elected in 2000.
Finalist for the Marian E. Smith Faculty Achievement Award 2000-2001
GPSA Award of Excellence for Outstanding Performance and Lasting Contributions as a Faculty Advisor, WSU 2012

PROFESSIONAL SERVICE

Washington State

Washington Technology Center Photonics Advisory Committee Meeting, 2000-

Optical Society of America

Optical Material Studies Group, Advisor, 2015-

Educational

Science by Mail Program, Boston Science Museum, 1991-94.

Demonstrations: Reached over 2,000 high school and elementary school students, 1977-1993.
NSF Young Scholars Program—Faculty Mentor, 1991.
Science Fair Judge: Franklin Elementary, Jefferson Elementary, 1992, 1993, 1994.
Lincoln Middle School Mentor Program, 1993-94.
Dr. Universe Advisory Board, 2001-

Short Courses

"Polymers as Nonlinear Optical Materials," APS March Meeting, Seattle (1993).
"Nonlinear Optics – from molecules to useful materials," Molecular Nano- and Bio-photonics Summer School, Erasmus Mundus Master Course, Porquerolles, France (June 19-27, 2008).

Conference Organization

Conference Organizer:

- "Progress in Nonlinear Optics: Organic and Polymeric Materials," Pullman, Summer (1992).
1. "International Conference on Organic Nonlinear Optics I," Val Thorens, France (January 1994).
 2. "Fourth IKETANI Conference: The International Conference on Optically Nonlinear Organic Materials and Applications," Hawaii (May 1994).
 3. "International Conference on Organic Nonlinear Optics II," Japan (1995).
 4. "International Conference on Organic Nonlinear Optics III," Florida (1996).
 5. Conference Chair, Symposium on Organic Nonlinear Optics, SPIE, "ICONO IV," Japan (1998).
 6. "International Conference on Organic Nonlinear Optics, IV," Japan (1998).
 7. "International Conference on Organic Nonlinear Optics, V," Switzerland (2000).
 8. Conference Co-Chair, Symposium on Linear Optical Properties of Waveguides and Fibers Denver (1999)
 9. "International Conference on Organic Nonlinear Optics, VI," Tuscon, AZ (2001).
 10. "International Conference on Organic Nonlinear Optics, VII," Mt. Sorak, Korea (2003).
 11. "International Conference on Organic Nonlinear Optics, VIII," Japan (2005).
 12. "International Conference on Organic Nonlinear Optics, IX," Brugge, Belgium (2006).
 13. "International Conference on Organic Nonlinear Optics, X," Santa Fe, NM (2008).
 14. "International Conference on Organic Nonlinear Optics, XI," Beijing, China (2009).
 15. "International Conference on Organic Nonlinear Optics, XII," Dublin, Ireland (2011).
 16. "International Conference on Organic Nonlinear Optics, XIII," Brqazil (2017).
 17. Symposium on Sum Rules and Scaling in Nonlinear Optics, Pullman (2014).
 18. Foundations of Nonlinear Optics, Lehigh University (2015).
 19. Foundations of Nonlinear Optics, Tufts University (2016).
 20. Foundations of Nonlinear Optics, University of the Bahamas (2017).

Conference Co-Chair, Symposium on Linear Optical Properties of Waveguides and Fibers: SPIE

Denver (1999)
San Diego (2000)

Conference Co-Chair, Symposium on Nonlinear Optics: SPIE, Opto-Northwest

Seattle (1999)

Session Chair:

Materials Research Society Fall Meeting, Boston (1990)
SPIE, San Diego (1992)
Progress in NLO (1992)
SPIE, San Diego (1993)
ICONO'1, Val Thorens, France (1994)
IKATANI, Hawaii (1994)
ICONO'2, Val Thorens, France (1994)
OSA Annual Meeting, Portland, OR (1995)
ICONO'3, Marco Island, FL (1996)
OSA Annual Meeting, Orlando, FL (1997)
Moderator, Washington Technology Center Workshop on New Technologies, Seattle (2000)
ICONO'5, Davos, Switzerland (2000)
14th Annual IEEE Lasers and Electro-Optics Society 2001 Annual Meeting, in San Diego, CA (2001)
APS NW Meeting, Moscow, ID (2004).
SPIE San Diego (2006).
ICONO'9, Brugge, Belgium (2006).
SPIE San Diego Linear and Nonlinear Optics of Organic Materials VIII (2008)
SPIE San Diego Nano- and Macro- Photonics for Space Environments II (2008)
SPIE San Diego Nano- and Macro- Photonics for Space Environments III (2009)
SPIE San Diego Nano- and Macro- Photonics for Space Environments IV (2010)
ICONO12/ICOPE2011 Dublin (2011)
SPIE San Diego, Optical Processes in Organic Materials and Nanostructures (2012)
NOMA, Cetraro, Novel Optical Materials and Applications, Italy (2013).
SPIE, San Francisco (2015)
NOMA, Cetraro, Novel Optical Materials and Applications, Italy (2015).
SPIE, San Diego (2015)
APS Northwest, Pullman, WA (2015)
Foundations of Nonlinear Optics, Lehigh University (2015).
Foundations of Nonlinear Optics, Tufts University (2016).

Program Committee:

ACS/OSA joint meeting on Polymeric Thin Films for Nonlinear Optics, Washington, D.C. (8/94).
ACS/OSA joint meeting on Polymeric Thin Films for Nonlinear Optics, Portland, OR (9/95).
ACS/OSA joint meeting on Polymeric Thin Films for Nonlinear Optics, Orlando, FL (8/96).
ACS/OSA joint meeting on Polymeric Thin Films for Nonlinear Optics, Long Beach, CA (9/97).
ACS/OSA joint meeting on Polymeric Thin Films for Nonlinear Optics, Boston, MA (9/98).
ACS/OSA joint meeting on Polymeric Thin Films for Nonlinear Optics, Santa Clara, CA (9/99).

ACS/OSA joint meeting on Polymeric Thin Films for Nonlinear Optics, Washington, D.C. (8/00).
ACS/OSA joint meeting on Polymeric Thin Films for Nonlinear Optics, (8/01).
Conference on Molecular Optics and Electronics, Alicante, Spain (2003).
IEEE-LEOS annual meeting, Puerto Rico (2004).
IEEE-LEOS annual meeting, Sydney, Australia (2005).
IEEE-LEOS annual meeting, (2006).
SPIE San Diego (2006).
ICCOOPMA Darwin, Australia (2006)
SPIE San Diego, Organic NLO (2007)
ICCOOPMA London, England (2007)
SPIE San Diego (2007)
ICCOOPMA Edmonton, Alberta, Canada (2008)
SPIE San Diego, Linear and Nonlinear Optics of Organic Materials VIII (2008)
SPIE San Diego Nano-and Macrophotonics for Space Environments II Conference (2008)
SPIE San Diego, Linear and Nonlinear Optics of Organic Materials IX (2009)
SPIE San Diego Nano-and Macrophotonics for Space Environments III Conference (2009)
SPIE San Diego, Linear and Nonlinear Optics of Organic Materials IX (2010)
SPIE San Diego Nano-and Macrophotonics for Space Environments III Conference (2010)
ICCOOPMA Edmonton, Budapest, Hungary (2010)
SPIE San Diego, Linear and Nonlinear Optics of Organic Materials IX (2011)
SPIE San Diego Nano-and Macrophotonics for Space Environments V Conference (2011)
SPIE San Diego, Optical Processes in Organic Materials and Nanostructures (2012)
SPIE San Diego Nano-and Macrophotonics for Space Environments VI Conference (2012)
SPIE San Diego, Optical Processes in Organic Materials and Nanostructures (2013)
SPIE San Diego Nano-and Macrophotonics for Space Environments VI Conference (2013)
SPIE San Diego, Optical Processes in Organic Materials and Nanostructures (2014)
SPIE San Diego Nano-and Macrophotonics for Space Environments VI Conference (2014)
SPIE San Diego Light Manipulating Organic Materials and Devices II Conference (2015)
Foundations of Nonlinear Optics I, Lehigh University (2015)
Foundations of Nonlinear Optics, Tufts University (2016)
SPIE San Diego Light Manipulating Organic Materials and Devices III Conference (2016)

Editor

Topical Editor of *Journal of the Optical Society of America B* (1996-2001).
Special issue of *Nonlinear Optics* **6** (1993).
Special issue of *Journal of the Optical Society of America B* (1997).
Advisory Committee, Marcel Dekker (1998-)
Journal of Nonlinear Optical Physics and Materials, Member of Editorial Board 2004-
Nonlinear Optics, Quantum Optics, North American Regional Editor, 2010-
SPIE Newsroom, Editor 2012-
Versita, Editorial Advisory Board 2012-
Associate Editor, *PLOS ONE* 2014-2015

Referee

Reviewer for: Physical Review/Physical Review Letters; Journal of the Optical Society of America B, Optical Physics; Optics Letters; Macromolecules; Material Research Society; Nature; ACS Symposium Series; Chemical Review, Journal of Physical Chemistry; Journal of the American Chemical Society; SPIE Proceedings; Applied Physics Letters; Journal of Applied Physics; Nonlinear Optics; Chemistry of Materials; Air Force Office of Scientific Research; Journal of Polymer Science; National Research Council, Commission on Physical Sciences, Mathematics and Resources; Petroleum Research Fund; National Science Foundation; Army Research Office; Marcel Dekker; Solid State Communications; Photonics Technology Letters; Journal of Lightwave Technology;

Hong Kong Science Foundation; Optics Communications, Institute of Physics, Research Corporation, Freeman Publishers, and too many more journals.

Panel

NSF Panel (SBIR, 9/30/92, Washington, D.C.)
NSF Panel (SBIR, 9/29/93, Washington, D.C.)
NSF Panel (Engineering Research Centers, 6/12 - 6/13, 1997, Arlington, VA)
NSF Panel (Foundations Program, 6/5-6/6, 1998, Arlington, VA)
NSF Panel (MRI Equipment, 6/5-6/6, 1999, Arlington, VA)
NSF Panel (EECS Directorate, 6/5-6/6, 2000, Arlington, VA)
WTC Panel on Photonics (11/14/00, Seattle)
NSF Panel (EECS Directorate, 6/12-6/13, 2004, Arlington, VA)
NSF Panel (EECS Directorate, 6, 2008, Arlington, VA)
NSF Panel (EECS Directorate, 6, 2011, Arlington, VA)
Finland Academy of Sciences, March 25, 2013, Helsinki, Finland

Other

External Honors Examiner, Swarthmore College, Swarthmore, PA (1990).
External Examiner, Wong Siu Wing, M.S. Thesis, The Chinese University of Hong Kong (1996).
Consultant: Hoechst-Celanese Corporation, 1991-93.
Consultant: SEL Laboratories, 1999-
Consultant: EPRI Inc., 1999-
Hosted AT&T Bell Labs Representative for Women and Minority Program (1991).
Hosted AT&T Bell Labs Representative for Women and Minority Program (1992).
Advisor for student chapter of the Optical Society of America 2010-
Advisor for student chapter of SPIE The Photonics Society 2011-

Teaching Experience

Classes taught: Calculus and Non-calculus based Introductory Physics sequence; Modern Physics;
Thermodynamics; Graduate Classical Mechanics, Graduate Statistical Mechanics, Junior E&M I and II;
Optoelectronics Labs I and II; Nonlinear Optics; Graduate Quantum Mechanics I and II

Graduate Students Mentored

Graduated over 25 Masters Students and 17 PhDs

Continuous Funding History

About \$6 Million at WSU. Agencies include: AFOSR, Allied Signal, ARO, Boston Optical Fiber, EPRI, Hoechst-Celanese, NSF, Petroleum Research Fund, Wright Patterson Air Force Labs, Spectralux and WTC.

Most recent grant: \$2M: M. G. Kuzyk PI, " Photomorphon networks: Intelligent shape changing structures," National Science Foundation, July 2013 - July 2017
